

Welcome to Synagóga Café

Dear guests,
we welcome you to the premises of the Small Orthodox Synagogue in Trnava, which is an important part of the city's Jewish history. The first mentions of the Jewish community in Trnava date back to 1340, and in the Middle Ages it was one of the key centers of Jewish life in Central Europe.

The community was located in the area of today's Dolnöpotočná Street, formerly known as Jewish Street, where the first synagogue was built as early as 1539. The Orthodox synagogue you are currently in was most likely built in 1891 and became an important place of Jewish culture, education, and spiritual life.

Today, after a sensitive restoration in 2010, this historic space serves as a café and a place for social gatherings, where art, history, and city life come together.

We believe that you will enjoy not only our high-quality coffee, which we roast ourselves, and desserts that we bake with love, but also the unique atmosphere of a place rich in history.

Thank you for being part of it.
